## The Doctor Bird

Around 320 species of hummingbirds live in Jamaica. Hummingbirds have this name because they can fly so fast that their wings produce a humming sound.

The most impressive hummingbird in Jamaica is the swallow-tailed hummingbird. Its blue or green feathers shine in the sunlight, and the adult male has two extra-long feathers on its tail.

The swallow-tailed hummingbird has a funny nickname: the doctor bird. But no one knows for sure how it got its nickname. Some people believe that it was because the top of the bird's head and its tail look like the hat and coat that doctors used to wear in the past. Other people think that it's because the long beak it uses to extract nectar from flowers resembles a syringe. In any case, the doctor bird is considered a symbol of Jamaica and is represented in many Jamaican songs.

**Veronica's Diary** ★★

April 26

Tomorrow I'm visiting an art gallery with my family. Art and PE are my favorite subjects at school, but art is the subject I'm best at! I have extra art classes after school on Wednesdays, too. The art teacher suggested we visit an art gallery to learn about different styles of painting. I can't wait to go! The gallery opens at ten o'clock. We're leaving the house early because there may be a lot of traffic. There's a big soccer game tomorrow, and Dad says there will be a lot of people traveling into the city. When we arrive, we're going on a tour of the gallery. Then a painter is going to talk to us about her paintings. My mom's favorite café is near the gallery, so we're having lunch there. After lunch, there's an art class at the gallery. I want to go to the class because I'm going to learn a lot, but I'm nervous because my paintings may not be very good... I'll write again tomorrow to tell you all about it!

1. Veronica is worried about visiting the art gallery.
2. Veronica would prefer to go to the soccer game.
3. Veronica is excited and nervous about visiting the art gallery.

Subject Back at school!

(1) \_\_\_\_\_ Rachel,

(2) \_\_\_\_\_? I'm fine and I'm happy to be back at school!

I have some new teachers this year. Our geography teacher is taking us to a national park next week. We're meeting outside the school at 7:30 a.m. The national park opens at 9:30, but it takes two hours to get there by bus from the school. First, we're visiting the information center. We will learn about the trees and plants in the national park, as well as the animals that live there. Then we're hiking in the forest. If we're lucky, we will see deer and wild rabbits! The bus leaves at 3:00 p.m. to take us back to school. It sounds like a really fun day!

(3) \_\_\_\_\_? Are you happy to be back at school?

(4) \_\_\_\_\_,

Lucy
